

Google Account Activity History

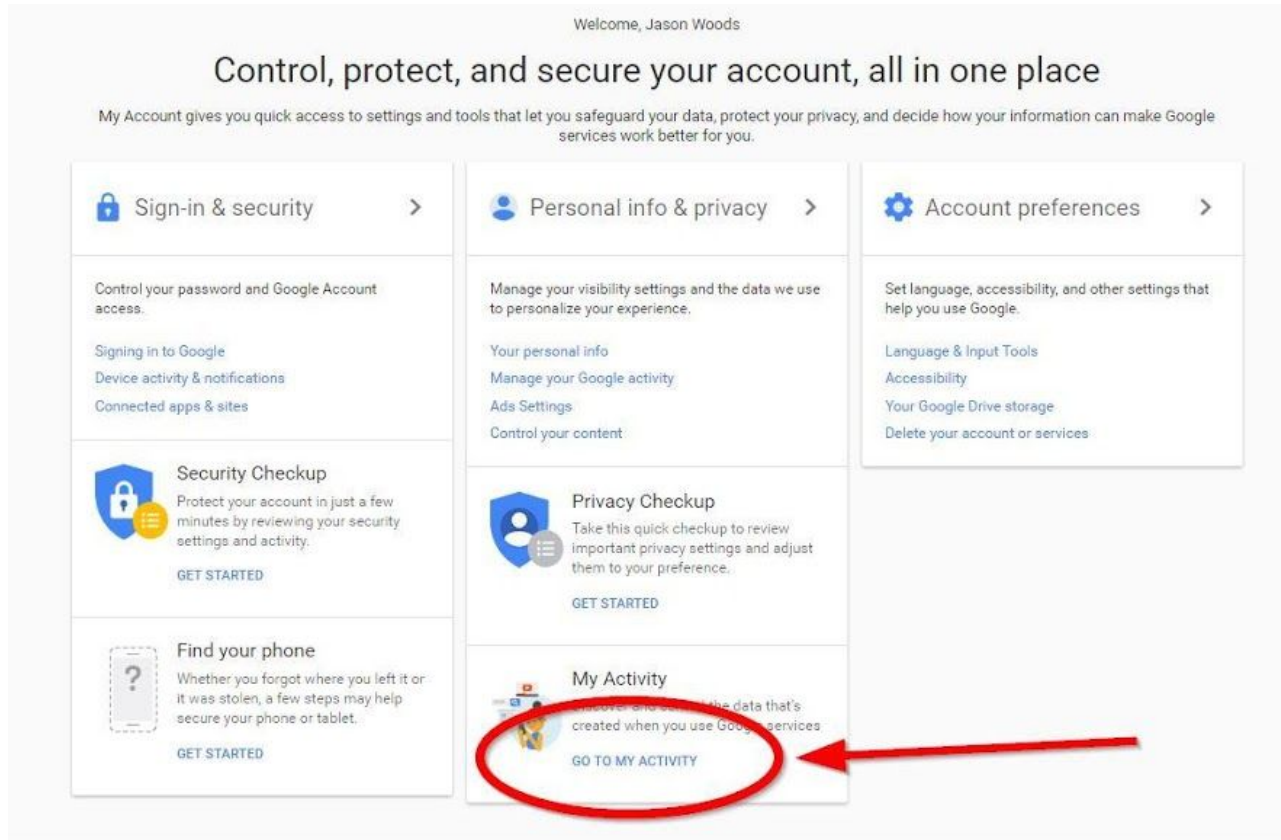

From the google search page. Click on your ID image in the top right corner of the page.

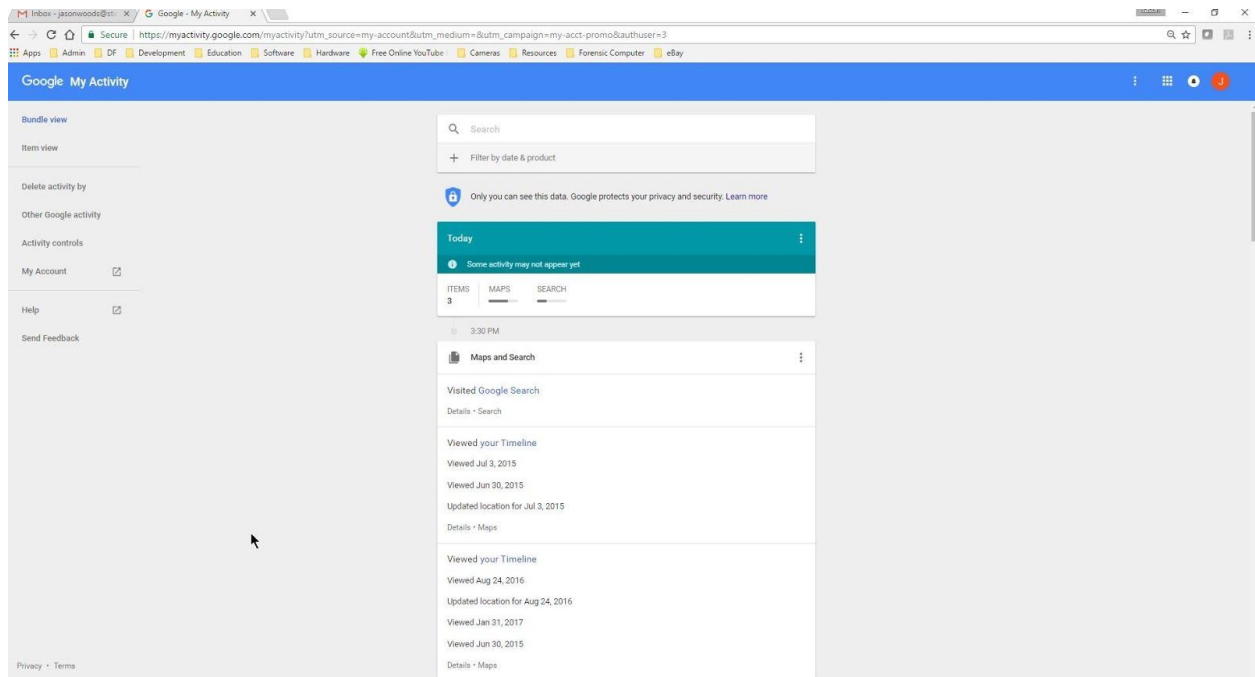

Click the “My Account” button in the popup menu.

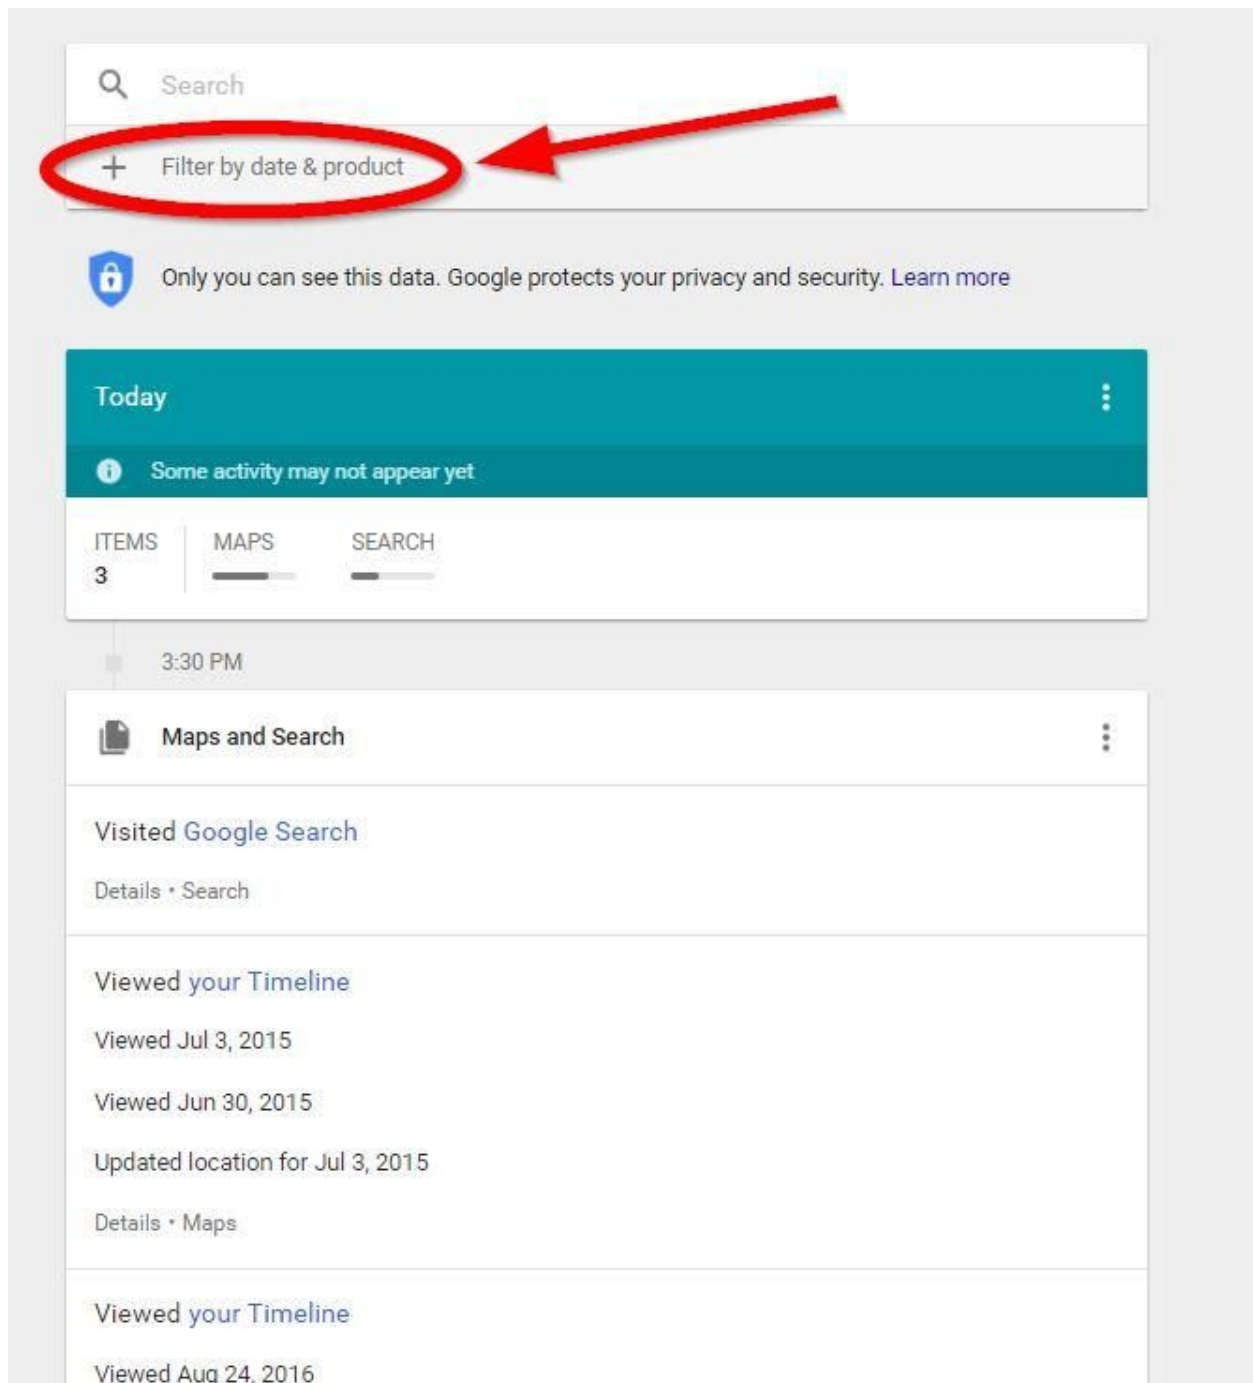

On the account page, click the link “Go to my activity”.

This will take you to the activity page and will list all the activity google has associated with your google account.

To view specific items click on the “+” next to “Filter by date and Product”.

Uncheck “All products”, check the individual product or products you wish to do activity for, and click the search button.

Other items can be revealed by clicking “Other Google activity” in the Menu on the left side.

This page has some extra activity controls and functions to control your activity items.

Click on the “Visit Timeline” link will open an advanced view of your location timeline.

Location History

Your timeline in Google Maps displays your Location History, the private map of where you go with your signed-in devices. You can edit places and delete all or part of your history.

[VISIT TIMELINE](#) 

Device Information

Device Information stores a copy of the contacts, calendars, apps, and other data from your devices. This data can improve results and suggestions across Google services.

[VISIT ACTIVITY](#) 

Google Play Sound Search History

Manage music you've identified with the Sound Search widget.

[VISIT HISTORY](#) 

YouTube "Not interested" feedback

Your "Not interested" feedback is used to remove videos from your YouTube recommendations. [Learn more](#)

[DELETE](#)

Download your past searches

Create an archive of all your past searches with Google Takeout

[CREATE ARCHIVE](#)

Google Assistant activity

Your assistant activity stores conversations you've had with the Google Assistant, which helps it better assist you and remember customizations like your name and interests. [Learn more](#)

[DELETE](#)

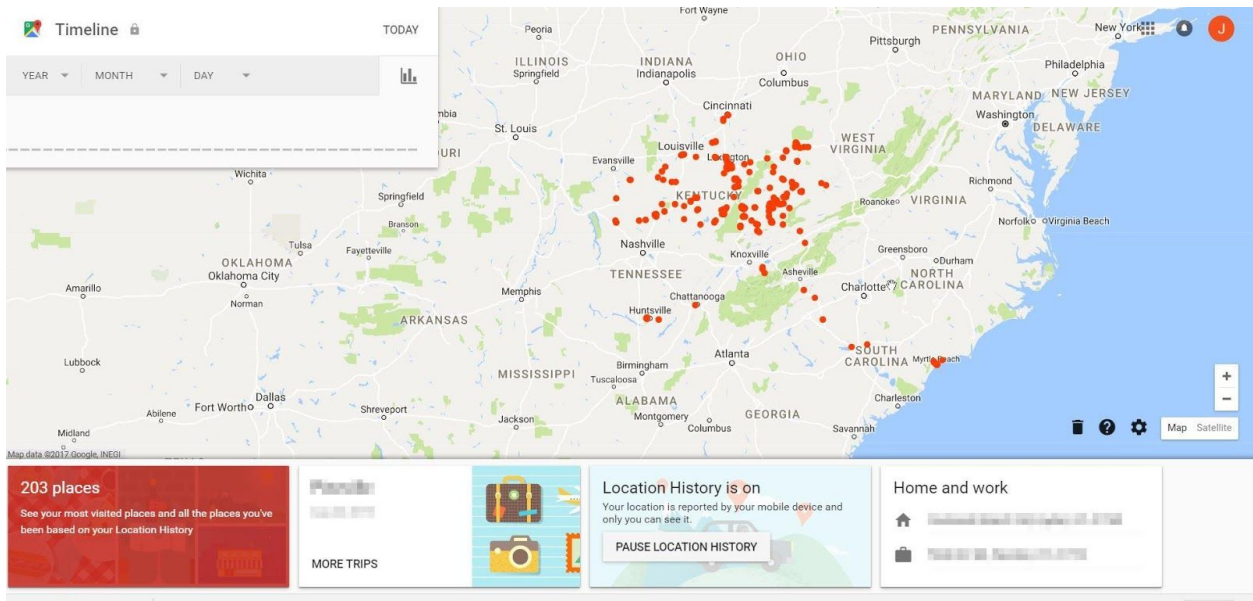

Google Ads Settings

Your ads settings control the information Google uses to show you ads.

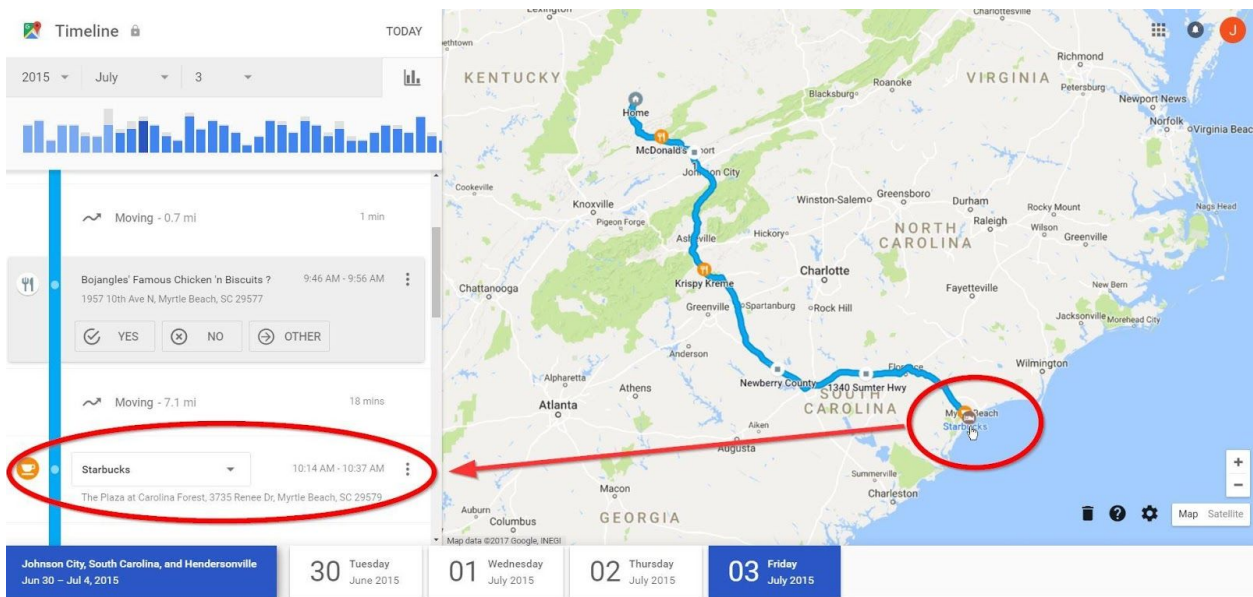

[MANAGE ADS SETTINGS](#) 

The timeline view will let you view and edit the location information Google has recorded for your

account.

Clicking on an item on the map will bring up the time, date, name of the location, information about how long the device was at the location, and information about the entire trip the item is associated with.

Clicking the menu icon for the item will allow you to remove it, or view details for the stop.
