Stidham Reconstruction & Investigation, L.L.C.

Personal

Becca L. Stidham

Statement of Qualifications

I began my career in this field working part time at S.R.I., while in high school and during the summers. As a student in high school I went through the C.N.A. program at Hazard Community and Technical College and completed my rotations at Hazard Nursing Home obtaining my C.N.A. License on May 05, 2017. Following high school, I continued to work at S.R.I. and enrolled in H.C.T.C where I am presently working toward my B.S. Degree in Criminal Justice through H.C.T.C. and E.K.U. while I work full time at S.R.I.. I also regularly attend training to become a top professional in this field.

As part of my work at S.R.I., I help each of our experts prepare for depositions and trials. This gives me the knowledge of how to prepare for the legal system. I also sit in on depositions and trials that our experts have giving me the experience of these process for the day that I am deposed and or have to testify at trial.

I work daily with the 6 other experience licensed investigators at S.R.I. getting hands on practical experience and guidance in every aspect of what S.R.I. while applying the training and education that I am receiving to cases we are working. This has prepared me for what we do on a day-to-day basis and gives me invaluable experience to assist our clients.

January 7th, 2021 I became a licensed private investigator in the Commonwealth of KY joining SRI's team of Investigators.
